

# Open Garden 10am to 4pm Sat & Sun 30 April – 1 May

## Carol's Hillside Oasis

109 O'Connor Circuit, Calwell ACT

### About the garden

Under a framework of mature palms, yuccas, ferns, colourful flowering climbers and ponds planted with arum lilies and rushes give a lush tropical feel to the whole garden. Small trees give extra shade and variety to the upper storey, for example, *Albizia julibrissin*, the white cedar *Melia*

*azedarach*, *Acacia cognata* 'Lime Magik' and several maples. Carol's Oasis is a large and fairly steep garden, designed so that walking along the broad terraces is very pleasant. Most paths are quite level, steps are comfortably shallow and garden seats provide restful spots to enjoy the views. Don't miss the vegetable garden and a small collection of succulents.
